## PEOPLE OF WOODBURY AND

VICINITY,

DON'T YOU KNOW

THAT every merchant can buy goods for cash cheap? Much cheaper than on time, or by exchange of manufactured goods, or other barter material?

DON'T YOU KNOW that goods thus bought can be sold, when sold for cash only, at a much lower rate than when other commodities are taken in exchange?

DO YOU KNOW of a place anywhere where these principles are strictly adhered to, and goods of all kinds sold as low and at the same time of as good quality as at The Old Store in the Hollow?

I pause for a reply—and leaving these ideas to work their appropriate results, I would respectfully invite all who may need any articles in the line of Dry Goods, Groceries, Yankee Notions, Clothing, Wooden Ware, &c., &c., to favor me with a call, in the hope that the inducements offered will and that you wish for their cash a full consideration, to all frequently.

## Tobacco Warehouse Notice.

IN accordance with the unanimous vote of the Convention notice is hereby given that the warehouse now open to all who are desirous of joining our Association. Those who have not already entered their names as members can do so at any time prior to the 1st of January, 1860, and the warehouse will be closed for the season, and no one will be admitted as a member of this Association after that date. Those who do intend to join in perfecting the system that has proved so beneficial to the tobacco grower's interests will confer a favor upon us by making their intentions known at as early a day as possible. We will enable us to ascertain about how many boxes we shall want for the season. Although the first of January was fixed by the Convention as the last day of receiving member's names to this Association it is understood that HENRY'S Tobacco Warehouse will be open at any time thereafter until the close of the packing season.

I have hitherto advised farmers to make three sorts when "stripping", but as buyers have not appreciated this assortment I would now advise to make but two. But you cannot be too particular in this. Put all your tobacco in the wrapper sort, and put the rest in the "stripper" sort. Every dealer has among his wrappers injures their sale more than four filter leaves are worth.

I am now ready to advance in cash from 5 c. to 8 c. per lb. on your good wrappers when delivered at warehouse. This is as much as you obtained for your leaf before the warehouse was established, and probably as much as you will obtain for it hereafter. Although the warehouse was not in existence, the question asked at the Convention by Mr. Hawley, viz: "What are Mr. Seymour's views respecting prices that the 1859 crop will bring?" has been answered by the warehouse by making my views public on former occasions, those who have not assisted us have (in the opinion of those who are the growers) been somewhat benefited as to the price they have received for their tobacco. In answer to the question asked at the Convention by Mr. Hawley, viz: "What are Mr. Seymour's views respecting prices that the 1859 crop will bring?" has been answered by the warehouse by making my views public on former occasions, those who have not assisted us have (in the opinion of those who are the growers) been somewhat benefited as to the price they have received for their tobacco. In answer to the question asked at the Convention by Mr. Hawley, viz: "What are Mr. Seymour's views respecting prices that the 1859 crop will bring?" has been answered by the warehouse by making my views public on former occasions, those who have not assisted us have (in the opinion of those who are the growers) been somewhat benefited as to the price they have received for their tobacco.

Remember that in union only there is strength. That every crop of Tobacco thrown into speculation is a "giving aid and comfort to the enemy," and is a "down your citizen." You must conquer or the enemy will—"United we stand, divided we fall." If the warehouse system is the right one sustain it. If the speculation system is the best one sustain that. Why have you two opinions?  
Yours respectfully,  
D. M. SEYMOUR.

## THE GREAT AMBASSADOR OF HEALTH

## To all Mankind.

## HOLLOWAY'S PILLS.

## A Boon to the Sick!

THE want of a sterling medicinal to meet the ills and necessities of the suffering portion of humanity, and one entirely free from mineral and other deleterious particles, was severely felt till the powerful medicine was ushered into the world; and HOLLOWAY'S INVARIABLE PILLS have become a household remedy of all nations. Their attribute is to PREVENT as well as to CURE; they attack the RAUX or ROOT of the complaint, and thus by removing the hidden cause of disease reinvigorate and restore the drooping energies of the system, assisting nature in her task of VITAL and FEVERY REFORMATION.

## DYSPEPSIA.

The great scourge of this continent yields quickly to a course of these antiseptic Pills, and the digestive organs are restored to their proper tone; no matter in what hideous shape this hydra of disease exhibits itself, this searching and unerring remedy disperses it from the patient's system.

## GENERAL DEBILITY AND WEAKNESS.

From whatever cause, LOWNESS OF SPIRITS, and all other signs of a diseased liver, and other disorganization of the system, vanish under the eradicating influence of this all powerful antiseptic and detergent remedy.

## BILIOUS DISORDERS.

The proper quantum and right condition of the bile is of momentous importance to the health of the human system. In this, nature's most perfect expedient, the hidden seeds of the complaint, and renders all the fluids and secretions pure and fluent, cleansing and resuscitating the vital functions of the body.

## SICKLY FEMALES.

Should lose no time in trying a few doses of this regulating and renovating remedy, whatever may be their complaint, it can be taken with safety in all periods and other disorganizations its effect is all but miraculous.

## Unrefuted Proof.

The testimony of Nations is unanimously borne to the health-giving virtues of his noble remedy, and certificates in every living language bear witness to the UNDENIABLENESS of their INTRINSIC KNOWLEDGE.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma, Debility, Lowness of Spirit, Bowel Complaints, Fever and Ague, Female Complaints, Piles, Coughs, Headaches, Stomach and Gravel, Cold, Indigestion, Secondary Symp., Chest Diseases, Influenza, Venereal Affections, Costiveness, Inflammation, Liver Complaints, Dropsy, Inward weakness, Worms of all kinds, Liver complaints, kinds.

CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernible as a Water mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as will lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.
